## For our members and supporters

### Get involved and enjoy more ...

Make the most of your membership; discover properties held in trust for you, your family, friends and community. Spring is the perfect time for picnicking in the Trust's historic gardens or wandering through heritage homesteads. Take in Australian art at the S.H. Ervin Gallery or lose your way in Harpers Mansion's hedge maze. The National Trust has something for everyone this spring.

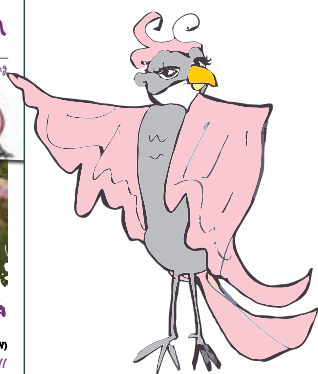

Many of our gardens are at their best. Explore the exquisite camellias at Erydene and learn tips on how to make jam; vent your passion at Everything Retro & All That Jazz at Everglades over 5 and 6 November; or tour some of the prettiest gardens in the Bathurst region, starting with Miss Traill's House & Garden in Bathurst itself. Harper's Mansion at Berrima combines the beauty of this Southern Highlands house with artworks and, on the 4 November, the winner of the National Trust Harper's Mansion Still Life Art Prize will be announced. Many of our events are perfect for families. For more information on events, see Calendar of Events from page 20.
