

IAN KIERNAN

Ian Kiernan is the Founder and Chairman of Clean Up Australia and Clean Up the World – a community based organisation which aims to inspire and work with communities to clean up, fix up and conserve our environment.

Clean Up Australia voices community concerns on the state of the environment and actively promotes environmental repair. This includes advocating practical community based solutions on issues such as extended producer responsibility, container deposit systems, resource re-use, electronics recycling and the initiation of environmentally friendly practices into the Australian psyche.

In recognition of his leadership in the environment and the community both in Australia and internationally, Ian was awarded a Doctor of Science Honoris Causa by the University of New South Wales. In 2006 he was also awarded a Lifetime Achievement Award from the National Trust of Australia (NSW) and a National Trust heritage award for his restoration work on 1830's farmhouse *Westham* in Bathurst. In 2005 the children of Poland made Ian a Companion of the Order of the Smile.

The Centenary Medal was awarded to Ian in 2003 and on Australia Day 1995 he was made an Officer of the Order of Australia (AO). Ian was named Australian of the Year in 1994 and also holds the Order of Australia Medal (OAM).

Clean up the World partners with the United Nations Environment Programme (UNEP) to inspire individuals and communities from every corner of the globe to make their environment a cleaner, healthier place to live.

Ian will be speaking on...

“The importance of planning and architecture for the benefit of the environment”.

*The National Trust
is Australia's largest
conservation charity,
protecting and conserving
Australia's natural
and cultural heritage*
