

Rotary clubs – and nurturing Australia’s famous “caring, sharing” spirit

YOU CAN “MAKE A DIFFERENCE” IN YOUR COMMUNITY

Rotary International has an impressive network of clubs in every major city, suburb and town around Australia, and they carry the banner for provision of fresh water, food, health care, shelter, literacy, world peace, and the ongoing worldwide struggle against drugs.

Rotarians have recognised the fact that more than ever in history, the workplace and individuals need input into vocational training and ethics; communities everywhere need special support and programs for young people; and that many more people need to take an active interest in our global community.

To maintain the impetus of achievement in such fields in recent years, modern Rotary clubs have focused on quality and timing of meetings and venues. Clubs are constantly searching for new members – working on the proven theory of many hands make light work!

It’s now possible for community minded citizens to find the Rotary club that best caters for the right time in their busy lives, ie: breakfast, lunch or dinner clubs.

So, if you really want to “make a difference” in your community, please consider visiting your local Rotary club. Membership is by invitation but, if you take time to visit and observe Rotary at work, that invitation is likely to be warmly extended.

Also, keep in mind that a primary goal within all Rotary clubs today is to provide benefits for its members.

Activities like theatre outings, social sport and family picnics combined with personal development courses, public speaking opportunities and business networking provide additional incentives for community minded people to devote some of their valuable time to “making a difference” in their community.

The proven formula for successful Rotary clubs is “Fellowship plus Fun equals service”.

Experience the warmth of your local Rotary club. Plan a visit now. Becoming a Rotarian will enable you to “make a difference” in the lives of many people.

Check your local Telstra white pages listings for the telephone number of a Rotary club near you. If there is no listing, call 02 9635 3537, and ask for contact details for your area, or visit the new web site – www.rotary.org.

Rotary clubs – nurturing Australia’s famous “caring, sharing” spirit

Rotary International has an impressive network of clubs in every major city, suburb and town around Australia, and is always on the look-out for new community-minded members who would like to help make a difference.
