The National Trust of Australia (NSW)

National Trust Venue Hire | **Everglades House & Garden** Leura, Blue Mountains

DESCRIPTION

Constructed in the 1930s by Danish-born landscape gardener Paul Sorensen in conjunction with owner Henri Van De Velde, Everglades gardens is Australia's most spectacular inter-war period garden and has received acclaim from garden lovers worldwide.

Everglades Gardens is a sought-after location for weddings, so brides need to book early to reserve their time in this beautiful setting. The 1930s classical English style gardens set in the stunning World Heritage listed Blue Mountains are ideal for those who want something more natural: consider getting married in the shady glens or terraces of the gardens. The gardens are lovely in spring when the cherry blossoms and daffodils are in bloom and equally attractive in autumn with the trees aflame in orange, yellows and reds.

Wedding photos can be taken throughout the garden. Everglades can also provide buffet catering for your event. If the weather turns, events can be held in the art gallery in Everglades' grounds, or in the 1930s Art Deco style Everglades House.
